Leadership competencies for Queensland

Building Queensland’s leaders of tomorrow, today.
We are all leaders in the Queensland public sector, regardless of role, classification level, or whether we have formal responsibilities to manage or lead people.

Leadership is about successfully delivering results in collaboration with others – it starts with you!

By empowering leadership at all levels, we enable a high-performing, innovative and future-focused public sector, capable of making a positive difference to all Queenslanders.

**Leadership competencies for Queensland** describes what highly effective, everyday leadership looks like in the public sector. In simple, action-oriented language, it provides a common understanding of the foundations for success across all public sector roles.

**Leadership competencies for Queensland** enables you to:

- guide performance and development conversations
- plan and action fit-for-purpose development activities
- identify transferable behaviours to inform career progression
- strengthen approaches to recruitment and selection
- celebrate success.
Leadership competencies for Queensland

Vision

  Maintains a high standard of practice through governance and risk management
Leadership streams

Individual contributor

Leading self

• Responsible for delivering outcomes through self-management, sometimes with guidance from team leaders.
• Does not supervise others.
• Valued for the knowledge and skills in their specialist area and strong self-management.

Team leader

Leading others

• Responsible for leading individual contributors to deliver team outcomes, typically under direction of a program leader.
• Valued for experience in their specialist area and the ability to manage team members.

Program leader

Leading teams and/or projects

• Responsible for leading team leaders and/or multiple projects or areas of work, typically under broad direction of an executive or more senior program leader.
• Valued for the ability to lead program strategy and/or guide team leaders to deliver outcomes.

Executive

Leading the function

• Responsible for leading a service delivery, policy, regulatory or strategic advisory function(s) or a geographical area.
• Valued for the ability to lead program leaders or other executives and influence within the organisation and with external parties to ensure outcomes.

Chief executive

Leading the organisation

• Responsible for leading a government agency to effectively deliver on government priorities.
• Valued for the ability to lead executives and the organisation and influence through sector and system leadership.

Balance of leadership and technical responsibility

- specialist/technical
- leadership

</table>
| Leads strategically | Thinks critically and acts on the broader purpose of the system | • Recognises how organisational events and issues impact on the work of the team  
• Recognises and articulates how own work directly contributes to the organisation’s vision and community outcomes  
• Prioritises projects and tasks efficiently, in line with team commitments  
• Seeks and shares customer feedback to support the refinement of planned activities |
| Stimulates ideas and innovation | Gathers insights and embraces new ideas and innovation to inform future practice | • Challenges the status quo by asking questions to bridge information gaps and clearly define new opportunities  
• Uses data and leverages technology to achieve greater efficiencies  
• Shares and seeks creative ideas, suggestions and data to inform the delivery of services  
• Actively participates in the design of new solutions and new ways of working |
| Leads change in complex environments | Embraces change and leads with focus and optimism in an environment of complexity and ambiguity | • Demonstrates flexibility to changing expectations by proactively adapting own approach to reflect new requirements  
• Responds constructively to periods of uncertainty by role modelling positivity and work focus  
• Actively participates in change engagement activities and openly supports the intended outcomes |
| Makes insightful decisions | Makes considered, ethical and courageous decisions based on insight into the broader context | • Gains insight into issues by analysing the available information in a critical manner  
• Demonstrates courage in making decisions, even when under pressure  
• Accepts decision making responsibility and demonstrates judgement about when to escalate issues  
• Remains composed during high-stakes situations  
• Clearly describes the rationale behind decisions and works with others to recognise potential bias |
| Develops and mobilises talent | Strengthens and mobilises the unique talents and capabilities of the workforce | • Leverages own strengths and acts as a mentor, role model and sounding board for others  
• Initiates conversations around career development and readily shares knowledge and experience with others  
• Actively participates in team development opportunities, such as lessons learned conversations  
• Provides and appropriately passes on feedback to others  
• Takes the initiative to collaborate with people from a diverse range of backgrounds, experiences and expertise |
| Builds enduring relationships | Builds and sustains relationships to enable the collaborative delivery of customer-focused outcomes | • Communicates in a clear, succinct and deliberate manner, adjusting the message so that it resonates with different stakeholders  
• Supports others by providing timely information within own area of expertise in an articulate and non-technical manner  
• Listens attentively and proactively seeks to understand others’ needs by asking questions and clarifying  
• Recognises the broad value and contribution that diversity of viewpoints brings to the team and organisation  
• Builds rapport and establishes strong and mutually beneficial connections |
| Results                  | Inspires others                                                                 | - Recognises and reflects on the purpose and impact of their work  
                          |                                                                 | - Actively participates in organisational initiatives  
                          |                                                                 | - Promotes the team’s work through clear and compelling communication  
                          |                                                                 | - Celebrates achievements in own and others’ work  
                          | Drives accountability and outcomes | Demonstrates accountability for the execution and quality of results through professionalism, persistence and transparency | - Contributes to the development of team objectives and recognises own role in achieving results  
                          |                                                                 | - Welcomes challenges in the delivery of work and demonstrates persistence in working through obstacles  
                          |                                                                 | - Demonstrates careful planning and organisation to achieve results  
                          |                                                                 | - Implements reporting mechanisms with honest recognition of progress against goals  
                          | Fosters healthy and inclusive workplaces | Fosters an inclusive workplace where health, safety and wellbeing is promoted and prioritised | - Demonstrates personal responsibility for the health, safety and wellbeing of self and others  
                          |                                                                 | - Demonstrates respect for others, taking the time to connect, check in and show an interest in their wellbeing  
                          |                                                                 | - Enhances safety and inclusion in the team by sharing ideas and participating in initiatives  
                          |                                                                 | - Considers the physical environment and carefully undertakes tasks with the safety and wellbeing of others in mind  
                          |                                                                 | - Demonstrates openness to diversity and supports practices that enable all individuals to participate to their fullest ability  
                          | Pursues continuous growth          | Pursues opportunities for growth through agile learning, and development of self-awareness | - Demonstrates insight into personal strengths and areas for development and takes account of these when acting  
                          |                                                                 | - Actively seeks feedback and modifies approach to enhance own effectiveness  
                          |                                                                 | - Takes personal accountability for learning, and eagerly pursues new knowledge and experiences  
                          | Demonstrates sound governance      | Maintains a high standard of practice through governance and risk management | - Demonstrates respect and appreciation for legislation and policy frameworks by consistently operating to key standards  
                          |                                                                 | - Upholds integrity through responsible management and use of processes and resources  
                          |                                                                 | - Analyses information to proactively identify risks to the team’s planned activities  
                          |                                                                 | - Evaluates possible solutions and takes appropriate steps to mitigate risks

- Removes systemic barriers to collaboration and implements strategies to build strong and enduring alliances for joint delivery of community outcomes

## Chief executive

<table>
<thead>
<tr>
<th>Competency</th>
<th>Competency description</th>
<th>Behavioural indicators</th>
</tr>
</thead>
</table>
| Leads strategically | Thinks critically and acts on the broader purpose of the system | - Recognises the links and connections between complex system issues, promptly discerning the key implications for government, the organisation and community  
- Integrates government objectives, and the voice of the community, to develop, articulate and realise a compelling vision for the system and the organisation  
- Adopts a stewardship role, enabling sector leaders to translate the strategy into meaningful action  
- Establishes clear priorities to deliver the government’s objectives for the community and works collaboratively as a system leader to develop a robust 5+ year strategy |
| Stimulates ideas and innovation | Gathers insights and embraces new ideas and innovation to inform future practice | - Continually scans the global system and operating environment to identify emerging social, economic, political, environmental and technological opportunities that inform system practice  
- Promotes a culture of innovation and the strategic use of data and technologies to stimulate new models of service delivery  
- Continually exchanges ideas, data and information across the sector to enable discovery and debate of new ways to address system challenges  
- Actively sponsors cross-sector and cross-government collaborations to seize and invest in innovation opportunities |
| Leads change in complex environments | Embraces change and leads with focus and optimism in an environment of complexity and ambiguity | - Leads the strategic introduction of changes across the sector, responding rapidly and purposefully to government priorities  
- Fosters the spirit of optimism through periods of widespread change, driving a focus on outcomes  
- Sponsors considered change agendas and works collaboratively with others to build system readiness for emerging opportunities |
| Makes insightful decisions | Makes considered, ethical and courageous decisions based on insight into the broader context | - Identifies the underlying cause of government and system issues through critical analysis of complex information  
- Role models courage in decision making and provides frank and impartial advice on politically sensitive, high-priority strategic issues even in the absence of complete information  
- Sets delegative structures that empower decision making at the appropriate level  
- Is a stabilising influence, quickly discerning implications across the system, to enable a comprehensive response in crisis or high-stakes situations  
- Drives probity in decision making and expects others to draw on tangible information and advice to protect the sector and community’s long-term interests |
| Develops and mobilises talent | Strengthens and mobilises the unique talents and capabilities of the workforce | - Develops organisational capability by dedicating time to understand the diverse goals and capabilities of leaders, empowering them to invest in avenues that expand their capability and impact across the system  
- Charts the direction for talent management across the sector by considering the future skills and capabilities required to deliver on government objectives and changing community expectations  
- Champions sector-wide talent mobility to guarantee the evolution of skills and responsiveness  
- Prioritises investment in capability development initiatives and contributes own expertise for the benefit of the system  
- Strengthens system capacity by bringing together groups of diverse discipline, background and perspective |

</table>
|                  | • Reads contentious and sensitive situations and responds appropriately to manage relationships  
• Models and drives purposeful partnerships with leaders of relevant internal and external stakeholder groups, including Ministers and their staff  
• Anticipates concerns and strategically positions the organisation’s view on issues to achieve system outcomes  
• Champions the development of policy and strategy through the integration of diverse voices and perspectives  
• Steers cross-sector and cross-government collaborations to build strong and enduring alliances for joint delivery of community outcomes | • Cascades a vision through clear and authentic communication to inspire collective ownership of government priorities  
• Conveys passion and conviction through influential messages that achieve significant system-wide engagement  
• Achieves visibility across the system, appropriately promoting the organisation’s position and greater system impact  
• Builds community and system engagement by recognising and celebrating outcomes | • Works collaboratively to establish ambitious organisational objectives that inspire collective ownership and maximise value for the community  
• Leverages collaborations across the system to overcome issues and mobilise resources towards matters of priority  
• Creates a culture of accountability by empowering others to lead with complete transparency for outcomes  
• Maintains strategic oversight through feedback structures, investing time where the greatest impact and contribution can be achieved | • Fosters an environment where all individuals share a personal responsibility for promoting the physical and psychological health and safety of others  
• Builds confidence and trust as a leader who respects and prioritises people’s wellbeing  
• Leads sector-wide initiatives that build awareness and motivate the workforce to improve or maintain safe and inclusive practice  
• Leads the development of sector-wide strategies that optimise the environment, work design and culture to enhance holistic wellness  
• Advocates for the growing diversity of workforce interests and needs by shaping policy direction that positions the sector as an employer of choice | • Builds strong self-awareness of leadership strengths and derailers and critically reflects on own performance, practice and impact as a system leader  
• Inspires curiosity and passion for life-long learning by actively seeking feedback, setting development objectives and communicating openly about experiences  
• Seizes opportunities to represent the sector and gain exposure to new environments, perspectives and ways of working | • Role models impartiality and inspires a system-wide culture that respects and appreciates policy frameworks and governance  
• Operates as a trusted steward of public money and resources by setting organisational standards for governance  
• Draws on data forecasts and works across the system to identify and predict the global factors that may impact the realisation of government objectives  
• Sponsors system collaborations to assess risk and formulate mitigation strategies that protect sector-wide service delivery |
