

Meeting spaces

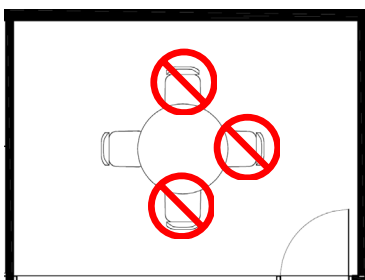

Meeting spaces can be used for focused work or small meetings. We encourage making use of virtual meetings wherever possible.

Six person or more meeting space

Six person and above meeting and conference spaces will support **at least two people** at a time as long as seating is 1.5m apart.

Four person meeting space

Four person meeting spaces will generally support **one person** at a time unless the table is at least 1.5m in diameter or length.
